

Nature Collection Box

1. Before collecting anything in your box, decorate it and make it your own!
2. Use paint, paper, markers, stickers, anything that you want.

3. After decorating your box, take the rest of the week to collect some items that you will use to make a Nature Creation with! OR Collect things that you would find fun to share with the group at the end of the week.
4. Here are some examples of what you can do with the things you find: (pictures on the last page)
 - a. Leaf or flower prints
 - b. Texture/object drawings
 - c. Build something with your items
 - d. Flower press
5. After you collect things throughout the week, join the Zoom meeting at the end of the week to share what you created/made with your collection of nature items.
6. You can share them over zoom, take pictures and show everyone, or just talk about what you did with the things that you found!
