

Recycled Art: Water Bottle Spirals

Materials List

- Water bottle
- Colorful sharpies or paint
- String (if you don't have string, a lot of people use a stick)
- Scissors

Instructions

1. Paint or color your water bottle.
 - a. If you use paint, wait for it to dry

2. Cut your water bottle, starting at the bottom, working your way up to the top.

3. Tie string around the top of the bottle, or put a stick through the bottle top and let it hang!

4. You can make as many as you want!
- a. If you only make one, you could also tie a piece of string through the bottle top to hang it.
